ROSEVILLE, MN 55113

Dear Lexington Park Neighbor:

As part of our asset replacement program, the **Lexington Park playground** is scheduled to be replaced in 2025 due to its age and condition. We are ready to begin the playground design process and need your help planning the playground!

We have scheduled two meetings to plan the new playground:

Meeting #1 – Wednesday, July 24 at 7:00 p.m. at the Lexington Park Building

- Initial concept planning and input. This will be an interactive discussion on what you would like to see in your new playground.

Meeting #2 – Wednesday, August 14 at 6:30 p.m. – 8:00 p.m. during the Discover Your Parks event in the park.

- Stop by our table near the playground for an interactive discussion and to provide feedback on concepts that are developed following the first meeting. *In the event of rain, this meeting will be held inside the park building even if the Discover Your Parks event is canceled.*

The meetings will be progressive, so participants are encouraged to attend both if they are able. In addition to the meetings listed above, it is anticipated that a third “open house” will be held in mid-September to showcase the final preferred playground design and receive feedback.

The installation of the playground is anticipated to occur in the spring of 2025 using a community playground build.

Visit cityofroseville.com/lexingtonpark for project updates.

We look forward to seeing you at the upcoming playground planning meetings.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Taylor".
