Date: 7/19/2010
Item No.: 13 . a

Department Approval

City Manager Approval

Item Description: Continue Discussion on the 2011 Priority-Based Budgeting Process

BACKGROUND

At the June 7, 2010 meeting, the Council agreed to a budget program ranking methodology to be used in establishing the 2011 Budget. The methodology is as follows:

5 - Items in this category, if not funded, are those that could potentially compromise the physical well-being of individuals or property. Examples are the inability of police or fire to respond to calls.

4 - Items in this category, if not funded, are those that could result in substantial increases in the financial burden on the community in subsequent years. Examples of this would be a failure to repair a street or replace a capital asset.

3 - Items in this category, if not funded, are those that could impede the city's ability to provide the type of services that contribute to the quality of life. Examples of this would be funding for the cultural or social events.

2 - Items in this category, if not funded, are those that wouldn't likely affect individuals in the community, but would impede the ability of the city to fulfill its mission. An example of this would be reduced office maintenance.

1 - Items in this category, if not funded, are those that would have little or no impact either on the community, or the city's ability to fulfill its mission. An example of this would be deferred mowing.
