

Happy fall past, present, and future volunteers! If you haven't been thanked lately for all that you do as a volunteer, please know that we are so grateful to have you on our team, creating the kind of community that we can all be proud of. From the flowers along Lexington Avenue to the smiling faces at the Nature Center, volunteers are the special sauce to our city. Park Patrol and Reserve officers keep a watchful eye on our parks that are maintained by Adopt-a-Park, Natural resource, and Green Team volunteers. Special events run smoother because of volunteers. And office volunteers keep things organized. So, thank you again for all that you do...you are appreciated!
