

Program Safety Sheet

PROGRAM NAME: Hula Dance Classes

The following safety sheet has been created to share important information to keep participants and instructors safe. If you have any additional questions, please contact the Program Supervisor:

Gina Robinette

Recreation Program Supervisor

It is important to note that all Roseville Parks and Recreation programs have been planned, developed and conducted following the Center for Disease Control (CDC) and MDH guidelines for Social Distancing in Recreational Programs. Please be aware there is some risk of participating in any activity during the pandemic. Even though we are working to provide as safe as an environment as possible, 100% mitigation cannot be guaranteed for any activity.

Program has been modified:

Hula Dance Class plans are created with CDC and MDH guidelines, social distancing, and safety in mind. Each class will be taught with social distancing and extra cleaning measures are put in place for the facility.

Arrival and Departure Information:

Participants should follow social distancing protocols when entering and exiting from class. Upon arrival each participant will have their own marker on the floor for the duration of class.

Participant Pre-Screening

Participants are responsible for pre-screening for COVID-19 symptoms prior to arriving at an activity. Please see the attached PDF for COVID-19 Exclusion and symptoms. Participants who have or live with someone who displays symptoms of COVID-19 or have a fever of 100.4 or above should stay home and not attend the program/activity. Parents should screen their children prior to bringing them to an activity which includes a temperature check. Upon arrival, an instructor will ask if the participant has been screened and if symptoms exist. If participant has not been screened or if there are symptoms, participants will not be allowed to stay or participate.

Symptoms of COVID-19 can include cough, shortness of breath, fever, chills, headache, muscle pain, sore throat, or loss of taste or smell. Other less common symptoms include gastrointestinal symptoms like nausea, vomiting, or diarrhea. These symptoms may appear 2-14 days after you are exposed to the virus that causes COVID-19. Not everyone with COVID-19 has all of these symptoms, and some people may not have any symptoms.

Talk to your health care provider if you have questions or concerns about symptoms.

Staff Mask Requirements:

- Instructors will be required to wear a mask when checking-in/checking-out participants, while performing any form of first-aid, during cleaning and disinfecting procedures, and during any program held indoors. If staff are not performing these activities, and if the activity is being held outdoors, staff will not be required to wear a mask.
 - Hula Dance class instructor will be wearing a mask during all class times.

Participant Mask Requirements:

Participants 6 years of age and older are required to wear a mask while entering and exiting the Roseville Skating Center. Participants are not required to wear a mask during class, however it is recommended and participants may wear a mask if they chose to.

Spectator Information:

In order to stay compliant with CDC and MHD guidelines as well as ensure a secure and clean environment for participants and our staff, we ask that families please limit the amount of spectators at program.

- Parent/guardian attendance will be limited to 1 parent/guardian per participant.
- All spectators that do attend program they will be asked to follow social distancing protocols and will not be allowed to interact in the class at any point.
- Spectators are required to wear a mask for the entirety of their time in the Roseville Skating Center.

Basic Cleaning Information:

Facility staff as well as the class instructor will be following cleaning log and protocols to ensure a safe and healthy environment. These protocols included but are not limited to;

- All high touch areas will be disinfected after the use of the room.
- The entire room will be cleaned daily by facility staff.
- The instructor will have access to cleaning supplies in order to clean anything necessary before, during, and/or after class.
