Phone Pal Program

Headwaters Relief Organization

The Headwater's Phone Pal Program gives the gift of time and compassion to people who are elderly and impacted by COVID-19. The value of a phone call is a wonderful reminder that one is part of a caring community. Headwaters established the Phone Pal Program in response to the COVID-19 Pandemic. Many individuals, especially those who are elderly, have experienced a lengthy period of isolation from other people because of COVID-19. Our program matches older adults with people who want to make a difference, one person at a time. This is not a professional service.

Participants will be asked what days and times are best for phone calls. They will also be asked if they have special interests or other preferences in a phone pal. The phone pal program includes availability for evenings and weekends. Once a phone pal is assigned to an interested participant, they will continue to be the phone pal for the participant for subsequent calls. This will provide continuity and the opportunity for the phone pal relationship to be successful. Phone call duration may vary from 30 minutes to 1 hour. All information discussed during the phone call will be kept confidential.

Interested in participating in the Phone Pal program? Check [here](#) for more information.

Headwaters Relief Organization is a member of Minnesota Voluntary Organizations Active in Disaster (Mn VOAD) and the National VOAD. VOADs (Voluntary Organizations Active in Disaster) are non-profit, nonpartisan, response, recovery and mitigation organizations that help disaster survivors and their communities. Headwaters is also a member of InterAction, a national non-governmental organization (NGO) working toward global change.

2nd Half with Lyngblomsten

2nd Half with Lyngblomsten continues to offer programs, resources, and support to older adults and family caregivers during the COVID-19 pandemic, albeit in a modified form. Following recommendations from the Minnesota Department of Health and other federal and state agencies, we've shifted to offering our programs virtually via telephone calls, emails, and online meetings. No in-person opportunities will be offered for the remainder of 2020 (this includes The Gathering respite program).

- We continue to offer services and support to caregivers. **(Visit the Care Partner Support and Services page on the Roseville Alzheimer's & Dementia Information website for more details.)**
- Caregivers who are caring for persons with dementia can receive daily emails that contain resources and activity suggestions to use during this time of social isolation. If you would like to receive this email, please contact us at (651) 632-5320 or email us at caregiving@lyngblomsten.org.

Visit our [online catalog](#) to learn more about our virtual programs. We hope you join us!

2nd Half with Lyngblomsten is expanding their Group e-Respite program for Persons Living with Dementia

2nd Half with Lyngblomsten is filling open spots for its Group e-Respite program. Weekly morning and afternoon sessions are currently being offered. Space is limited, so inquire soon.

The Group e-Respite program was developed by professionals with years of experience serving persons with dementia (including through our award-winning in-person group respite program The Gathering). It provides one hour of engaging, creative activities for adults with dementia and provides care partners the opportunity to take a break while remaining at home.. The program is intentionally designed to meet each participant and care partner on their journey, providing dignified, high-quality content that covers various dimensions of wellness, including physical, social, emotional, cognitive, and spiritual activities.

Sessions are held Monday–Thursday in the morning and afternoon on a weekly basis. Each one-hour session is led by Lyngblomsten staff with a maximum of five participants. This low participant-to-staff ratio ensures each individual receives personalized attention. Participants attend the same session each week enabling them to connect and form friendships with others in their group.

Sessions are hosted online using Zoom, a video conferencing platform. Together, participants and staff stay engaged in 60 minutes of creative, brain-stimulating activities, including:

- Singing
- Storytelling
- Simple exercise activities
- Reminiscing and educational content
- Time to connect and socialize and more!

Contact us at (651) 632-5320 or email us at caregiving@lyngblomsten.org and indicate you'd like to participate in our Group e-Respite program. Prior to enrollment, each participant and care partner will meet with a 2nd Half with Lyngblomsten staff member for an assessment. Meetings are conducted over the phone or A monthly contribution is requested based on a sliding fee scale.

Memory Minders Kits from Ramsey County Library - Free three-week checkout

Memory Minders Kits are special kits for caregivers who are caring for people experiencing memory loss. They are available at the Ramsey County Library locations in Roseville and Shoreview.

The kits contain materials used to spark memories, create conversations and provide positive and engaging interactions between clients and their caregivers. Kits are divided into high, middle and low activity levels.

Each kit is unique and features a variety of items such as:

- An interactive activity for those with memory loss (puzzle, bingo, games or conversation cards).
- A book with color illustrations created for individuals with memory loss.
- A CD with music to soothe and spark memory.
- A Caregiver's Guide to Dementia by Laura Gitlin, which explores use of activities and other techniques to prevent, reduce and manage behavioral symptoms of dementia.

The majority of kits are for people living with Alzheimer's disease, but there are kits for people with Lewy Body Dementia and children who have contact with someone with dementia.

You can access them the same way as books--curbside or home delivery if you are homebound. You must be a resident of suburban Ramsey County to qualify for home delivery.
