Minnesota Day One Crisis Line

Domestic abuse/ sexual violence/ trafficking

Call: 1-866-223-1111

Text: 612-399-9995

24/7 365-day-a-year, toll-free, confidential, and multilingual hotline.

Help for people experiencing domestic violence, sexual violence or human trafficking or simply questioning aspects of your relationship.

Please call 911 in an emergency.

[Day One Services](#)

[Statewide Hotlines](#)

Trained advocates provide:

- **Support:** 24-hour crisis supportive services
- **Safety:** Getting and keeping you and your family safe
- **Housing:** Providing emergency shelter and safe housing
- **Resources:** Support groups, transitional housing, legal advocacy, culturally specific services and more

Crisis Counseling:

We can provide a variety of resources for those seeking information—including referrals to support groups, possible transitional housing in your area and options for legal advocacy. If you are questioning unhealthy aspects of your own relationship or are concerned about a loved one, we are here to listen.

Protection for Pets:

We know that approximately 71% of animal owners entering emergency shelters reported that their abusers had injured, maimed, killed or threatened family pets for revenge or psychological control. Abusers often threaten to hurt beloved family pets to prevent victims from leaving.

Minnesota Adult Abuse Reporting Center

Elder abuse – vulnerable adult abuse

1-844-880-1574

24/7 toll-free, confidential hotline.

If you are reporting an emergency that requires immediate assistance from the police, sheriff, fire department or an ambulance, call 911 first then call MAARC.

Disaster Distress Helpline

Substance Abuse and Mental Health Services Administration

1-800-985-5990

24/7 365-day-a-year, toll-free, confidential, multilingual hotline.

Deaf/Hard of Hearing

Text TalkWithUs to 66746 or use your preferred relay service to call the Disaster Distress Helpline at 1-800-985-5990. **TTY** 1-800-846-8517

National hotline dedicated to providing immediate crisis counseling for people who are experiencing emotional distress related to any natural or human-caused disaster. The Disaster Distress Helpline also answers calls and texts related to infectious disease outbreaks such as the Coronavirus pandemic, incidents of community unrest, and other traumatic events.

If you need assistance finding food, paying housing bills or other essential services, this database connects callers to thousands of resources throughout Minnesota. A Certified Community Resource Specialist will help to locate available resources in your area.

More than 90 percent of the United States has access to 2-1-1, along with several areas of Canada. For more information on the national 2-1-1, or visit [211 United Way](#).

Food Resources

Access to Free Food

Free home meal delivery available for people impacted by COVID-19

If you are a Ramsey County resident and have been impacted by the COVID-19 pandemic, you may be eligible to have up to 21 prepared meals delivered to your home for free each week. All meals are nutritionally balanced and are prepared by licensed food providers. Some providers offer meal options that accommodate specific dietary restrictions.

Eligibility

Meal delivery is available to residents who are confined to their homes due to health conditions, transportation barriers and other reasons related to the COVID-19 pandemic.

Providers

Please contact a provider to learn more, discuss your eligibility and arrange services.

[Ramsey County Free Meal Delivery](#)

CAPI Culturally-Specific Food Shelf

CAPI USA aka The Centre for Asian and Pacific Islanders
5930 Brooklyn Blvd., Brooklyn Center

Due to the COVID-19 crisis, the CAPI food shelf has new hours until further notice and is only available for curbside pickup and senior delivery. The food shelf is open to CAPI clients and anyone in need of food assistance.

OPEN: Tuesdays 1:00 pm – 4:00 pm; Wednesdays and Thursdays – 9:00 a.m.- 4:00 p.m.

- Upon arrival park in a designated parking spot marked by an orange cone
- **Remain in your car**
- If you are a food shelf client, please have your food shelf card ready
- A staff member/volunteer will collect your information
- A staff member/volunteer will load groceries into your vehicle (if you are on foot, you will be given bags)

[For more information contact us here.](#)

City of Roseville and Every Meal Partnership

The City of Roseville has teamed up with Every Meal, formerly The Sheridan Story, to provide free, nutritious food to families in the community to ensure that area youth have food during the COVID-19 (Coronavirus) pandemic.

Every Meal has provided the city with 330 five-pound food bags. Each food bag contains approximately four meals and is packaged and ready to go. This initial delivery comprises more than 1,260 meals and Every Meal will make sure supplies are replenished to meet the community's needs in the coming weeks.

The food is available to any Roseville resident or family that may be struggling with food insecurity. Food may be picked up 24 hours a day, seven days a week from the vestibule at the Roseville Fire Station.

Access to the Fire Station is available from the parking lot at Roseville City Hall, 2660 Civic Center Drive, near the corner of County Road C and Lexington Avenue.

The City of Roseville requests that all residents practice social distancing when picking up food.

Metro Mobility

Metro Mobility will deliver groceries and household items at No Cost to certified Metro Mobility customers.

To use this service, follow the steps below or contact the Metro Mobility Zone you are in:

1. The certified passenger places his/her order with the store using the store's online app, observing Metro Mobility's current four-bag limit. The passenger notifies the store (via the app) that Metro Mobility will be picking up his/her groceries. Once the transaction is complete, the passenger records the order number and the time that the order should be ready.
2. The passenger contacts his/her Metro Mobility Service provider to arrange for the delivery at the time that the order is scheduled to be ready. The delivery can be scheduled for the same day or in advance.

3. Metro Mobility will deliver the groceries within 60 minutes of the scheduled pick-up time. Drivers will verify the passenger's photo ID at drop-off.

[Metro Mobility Grocery Delivery](#)

Help at Your Door: Grocery Assistance

- Orders can be placed over the phone or online
- Delivery of grocery items and help with putting items away (Note: This may not be available during the pandemic. Call for details.)
- EBT payments/SNAP benefits are accepted

Fare for All

Stretch your food dollars. Fare for All is The Food Group's cooperative purchasing program that offers affordable groceries and packages of produce and meat for up to 40% off retail prices. Fare for All works hard to offer value, variety, quality and nutrition in our food packages. From \$10 Produce Packs to \$11 Mini Meat Packs and \$20 Combo Packs—the choices are nutritional and affordable. Be sure to check out this month's Hot Buy and Produce Packs.

To find the monthly distribution sites, monthly specials, info about the warehouse, and more: [Fare For All](#)

Monthly pick up sites are suspended due to coronavirus. Fare for All is piloting a drive through grocery pick-up option. Check back to see if it is implemented in the Roseville area. Monthly local sales are currently cancelled.

Farmers Markets

This statement appears on the website referring to the St. Paul downtown farmers market on Saturday mornings: *The first hour (9-10am) of the Market day is reserved for elders and those with higher risk of infection.*

Check with the farmers market to determine the policy for other locations.

Minnesota Services during COVID-19 Restrictions

RentHelpMN

If you have experienced hardship due to the pandemic and need assistance to pay your rent or utility bills, you may be eligible for COVID-19 Emergency Rental Assistance. [RentHelpMN](#) was created to help Minnesotans who have fallen behind on their rent or fear that could happen. If you find yourself in this position, we are here to help. Find out if you qualify and get ready to apply.

Eligible Minnesota renters can receive help with rent and utility bills dated on or after March 13, 2020. If you qualify, you could receive up to 15 months total assistance.

Who can I call with questions? Trained operators are available to answer your questions about your eligibility, bills, documents or to make a reasonable accommodation. Call 211 today.

Amherst H. Wilder Foundation - Customized Living Services

Wilder brings supportive services to residents who live in two Saint Paul Public Housing apartment buildings: Hamline Hi-Rise and Ravoux Hi-Rise. These customized living services allow adults who need daily support and care to live independently and prevent or delay the need to move into a nursing home. Applicants must qualify for public housing.

[Learn More about Customized Living Services](#)

St. Anthony Park Area Seniors: Foot Care Available

Many seniors find it difficult to trim their toe nails because they are thick, hard to see, difficult to reach, or all of the above. We have two registered nurses who are making foot care (nail care) visits as independent contractors for our program. They will make appointments at your convenience to come to the comfort of your own home to trim your toe nails. They follow COVID-19 safety protocols and use the appropriate PPE.

Call the St. Anthony Park Area Seniors office at 651-642-9052 to get more details.

St Anthony Park Area Seniors: Transportation to COVID-19 Vaccination Appointments

In order to assist seniors (60+ years old) in maintaining their independence, one popular service that our program provides is rides to health-related appointments. Our program recruits, interviews, performs background checks, and schedules volunteer drivers to help seniors who live in our service area to get to their health-related appointments. Our usual policy is to receive requests with at least a one-week advance notice of the appointment. However, in the case of COVID-19 vaccinations, we have lifted that requirement and are available to be contacted for next-day appointments.

If you are a senior in our service area (**St. Anthony Park, Lauderdale or Falcon Heights west of Cleveland Avenue**) and need a ride to receive your COVID-19 vaccination, please call our office at 651-642-9052 and talk to Alisa, Mary or Katharine.

Need health care coverage?

Minnesota's public health care programs provide health care coverage to Minnesotans with low to no income. We encourage anyone who needs health care coverage to apply to see if you qualify for Medical Assistance or MinnesotaCare, including those Minnesotans who had work hours reduced, have been furloughed or who have lost their jobs.

Medical Assistance is Minnesota's Medicaid program. MinnesotaCare is a premium-based program for people who earn too much to qualify for Medical Assistance but make too little to pay for private insurance. Those who qualify for MinnesotaCare never pay more than \$80 a month per person for their premium. The programs have income and asset limits that depend on your age, who you live with, and whether you are pregnant, blind or have a disability. They offer comprehensive coverage, including dental benefits and vision and behavioral health services.

Details and assistance for applications: [MN Health Care Coverage](#)

Free COVID-19 Testing

If you're uninsured:

Many uninsured Minnesotans can get tested for COVID-19 at no cost to them during the federal public health emergency. To get free coverage for testing, you must:

- Be a resident of Minnesota
- Be a U.S. citizen, U.S. national or lawfully present noncitizen with an immigration status that qualifies for Medical Assistance.
- Provide your Social Security number unless you meet an exception for not having one.
- Not be enrolled in any other health insurance.

Ask the health care provider administering your COVID-19 test for an application to cover the cost of the test. The provider will submit your application, and you'll get a notice in the mail about whether it's approved or denied.

Or, go online and print the application yourself from [Application for COVID Testing](#) and fill it out.

You can also call the DHS Health Care Consumer Support team at 651-431-3994 or 800-366-5414 to request an application be mailed to you.

[Find COVID-19 Testing Locations](#)

Important Information About Reaching Social Security During the COVID-19 Pandemic

During the current coronavirus pandemic, the Social Security Administration will continue to provide help to beneficiaries. While offices are not providing walk-in services, Social Security will continue to provide ongoing benefits and vital services via telephone and online services. Individuals can speak with a representative by calling their local Social Security office or the National 800 Number, 1-800-772-1213. Local office phone numbers can be found online with the Social Security Office Locator.

Social Security has many secure and convenient online services at www.ssa.gov/onlineservices. Most of Social Security business can be done online, however, many people still rely on phone or in-person help. If beneficiaries have a critical situation a representative cannot help with via phone or online, individuals may be able to schedule an appointment.

Dementia education training module available for COVID testing and contact tracing teams.

Developed in partnership with the Alzheimer's Association a new training module is available for COVID testing and contact tracing teams. The training is free and can be accessed at the Alzheimer's Association, Minnesota-North Dakota Chapter YouTube channel: [Training Module](#)

Senior Linkage Line®

The Senior LinkAge Line® is a service of the Minnesota Board on Aging in partnership with Minnesota's Area Agencies on Aging. It is a free service of the state of Minnesota that connects older Minnesotans and their families with the help they need.

Assistance is available for the following topics and more:

- Medicare
- Prescription Drug Expense Assistance for All Ages
- Care Transitions
- Housing Options
- Long-term Care Options Counseling
- Application and Forms Assistance
- Health Care Fraud and Abuse
- State Agency Related Questions
- Volunteer and Employment Resources

Community Support Program

Participate in this new program from Jewish Family Service of St. Paul to help people feel more grounded and emotionally secure. This new program includes three 20-minute phone conversations with a mental health professional. The therapist will also discuss strategies for improving your sense of well-being. You can self-refer to this program.

Contact: Tara Burns 763.300.3146, tburns@jfssp.org

The program is free, but donations are welcome.

Elder Friends – Phone Companions

Offering the power of friendship in today's environment

Elder Friends is a new program developed by Little Brothers Friends of the Elderly to reach out to isolated seniors and bridge the gap of social isolation.

- You can ask to be connected to someone who will be your phone companion. People who wish to receive calls complete an application and are referred to a caller.
- You can volunteer to become a phone companion. Volunteers are screened and given resource information.

Find out more: [Little Brothers Phone Companions](#) or call 612-746-0737

St Anthony Park Community Council Neighbor Check

The St. Anthony Park Community Council is launching a SAP Neighbor Check program in response to the coronavirus pandemic. Healthy and active community members are encouraged to sign up at [SAPCC Neighbor Check](#) to be of service to our more vulnerable neighbors. Those who may be in need of assistance are encouraged to hang a sign in their window with a plus (+) to indicate everything is okay or a minus (-) sign to indicate a need. This can be easily done in apartment buildings by just hanging them on your door and signing up for your floor. Visit the [SAPCC](#) website for more information.

Online Resources for Dementia Caregivers during COVID-19 Restrictions

Get a Free Virtual Memory Screening

Alzheimer's Foundation of America offers free, online memory screening Mondays and Wednesdays, 10 am to 4 pm (ET), Fridays 10 am to 2 pm (ET) by appointment.

Memory screenings are simple, quick and noninvasive, and consist of a series of questions to gauge memory, language, thinking skills and other intellectual functions. The memory screening takes approximately 10-15 minutes and is confidential. Memory screenings are similar to other routine health screenings, such as those for blood pressure, cholesterol and skin checks.

Results are not a diagnosis, but a memory screening can suggest if someone should see a physician for a full evaluation. Early detection is important because it can enable the person to begin medications sooner, participate in a clinical trial and take a more active role in developing their care plan.

Anyone wishing to get a free memory screening should call AFA at 866-232-8484 or click [here](#) to schedule an appointment. Appointments are required and scheduled on a first-come, first served basis.

Alzheimer's Association Coronavirus (COVID-19): Tips for Dementia Caregivers

Most likely, dementia does not increase risk for COVID-19, like dementia does not increase risk for flu. However, dementia-related behaviors, increased age and common health conditions that often accompany dementia may increase risk. Visit the link below to find tips for dementia caregivers at home, receiving home-based services, individuals in assisted living, and tips on staying healthy.

Dementia: Caring & Coping

Dementia: Caring & Coping during the Pandemic - Second Series is now underway. These virtual events are presented by the **Roseville Alzheimer's & Dementia Community Action Team** in partnership with Lori La Bey's online show **Alzheimer's Speaks**. The series focuses on a variety of topics to help carepartners and persons living with dementia.

These presentations and interviews will be broadcast on [Alzheimer's Speaks](#) with Lori La Bey on the fourth Wednesday of every month starting April 28, 2021 at 1:00pm. They will also be available on the [Alzheimer's Speaks YouTube Channel](#).

The first three episodes are:

April 28 - Dementia Research during the Pandemic - COVID and Cognition

William H. Frey II PhD

Senior Research Director - Center for Memory & Aging, HealthPartners Neuroscience Center

May 26 - What's your Plan? Legal Considerations when Facing a Dementia Diagnosis

Leah Gilbert, J.D. Private practice attorney focusing on estate planning and elder law - Gilbert Legal, PLLC.

June 23 - Dementia and Medical Care Decisions - Prepare your Family for What's Ahead

Deborah Day Laxson, Author of "The Gray Zone: When Life Support No Longer Supports Life" and "The Fog Zone: Navigating the Space After Your Diagnosis" and founder of the Health Care Agent Literacy Project

For more details about upcoming episodes please monitor the [Roseville City News](#) weekly updates, Rsvl A/D's Facebook Page [Roseville MN Dementia Info](#), and [Alzheimer's Speaks](#).

The first series of **Dementia: Caring & Coping during the Pandemic** presentations highlighted how organizations modified their programs and services for people living with dementia and their care partners due to COVID-19 and the creative ways that various organizations continued to provide services despite the challenges of COVID-19 restrictions. These shows were broadcast during January and February 2021 and are available on the [YouTube playlist](#) for the series.

Dementia: Caring & Coping during the Pandemic is sponsored by Alzheimer's Speaks and Roseville Alzheimer's & Dementia Community Action Team, the City of Roseville, and the Ramsey County Library system. **We give special thanks to the Friends of the Ramsey County Libraries for their support.**

Dementia: Caring & Coping is a speaker series presented by Roseville Alzheimer's & Dementia Community Action Team (RSVL A/D) and the Ramsey County Library. In-person presentations have been suspended due to the COVID-19 pandemic. Presentation materials and links to the videos from past RSVL A/D events are available on the [Dementia: Caring & Coping Presentations page](#). These presentations cover a wide variety of topics such as getting a correct diagnosis, utilizing caregiving resources, dealing with legal concerns, and living well with dementia. We invite you to take a look at our past events and to watch for information about future live presentations. RSVL A/D partnered with CTV North Suburbs to produce videos of selected presentations from the series. To go directly to presentations that were recorded, visit the RSVL A/D Video page. Go Wish cards

Go Wish cards is a simple tool to help anyone articulate their end-of-life wishes enabling easy, trusting, "what do I want" discussions at any stage of life. Working together, we help you overcome this tough, but most necessary conversation -- making it simple for you to make sure that your families, professionals and caretakers honor your wishes and help you embrace the life you want.

Play the [Go Wish On-line Interactive Version](#) for FREE

Playing the solitaire version on-line is exactly like playing with the actual cards. The cards help you find words to talk about what is important if you were to be living a life that may be shortened by serious illness. We've added sound so that you can hear the contents of each card.

The Role of Palliative Care in a COVID-19 Pandemic

Palliative Care Strengths Such as Communication, Advance Care Planning, and Symptom Management, Needed Now More Than Ever

POLST Basics - An Overview of Important Treatment Decisions

This video is an overview of the Indiana POLST form, which is very similar in content to the Minnesota POLST form. Patients and families are encouraged to watch this video to understand the basics of the POLST form. The video is designed for people with advanced illness or frailty and their family members. It provides an overview of important treatment decisions in order to prepare a patient for a for POST (Physician Orders for Scope of Treatment) discussion with his or her medical provider. COVID-19 Pandemic Resources for Families Facing End of Life

[MN Death Collaborative COVID-19 Resources](#)

What is an End-of-Life Doula?

Also known as a death doula or death midwife, end-of-life doulas provide care and support to those transitioning through the dying process. For the dying patient, they may provide emotional, physical, and spiritual support and help address the patient's wants and needs during the final days of life. They may also assist with logistical tasks, not limited to creating a death plan, planning a memorial service, and organizing a legacy project for future generations. An end-of-life doula may also offer support for family members during their loved one's dying process and offer grief support afterwards. [End of Care Doula](#)

End-of-Life Doula Hotline

1-888-351-8999 Free & Confidential

COVID-19 has put issues of life and death front and center in our lives, leaving many shocked and struggling. The Minnesota Death Collaborative launched this hotline to connect you with experienced, trained end-of-life doulas who can listen compassionately and equip you with resources,

Call if you are:

- Feeling anxious about a sick or dying loved one
- Worrying about completing important end of life plans
- Supporting a loved one facing serious illness or death in a home, hospital or facility
- Wanting to honor and celebrate the life of a loved one who has died
- Struggling with feelings of grief over the loss of a loved one

COVID-19 Scams and the Elderly

COVID-19 Fraud Prevention Resources

As the number of people and communities affected by the COVID-19 pandemic grows, so do the scams associated with it. Scammers use public health emergencies as opportunities for new fraud schemes, and because older adults are at greater risk for serious illness from COVID-19, they may target older populations.

The Senior Medicare Patrol (SMP) has updated their COVID-19 Fraud Prevention resources with the information you need to protect yourself from Medicare fraud, errors, and abuse; detect potential fraud, errors, and abuse; and report your concerns. SMPs help educate and empower Medicare beneficiaries in the fight against health care fraud. Your SMP can help you with your questions, concerns, or complaints about potential fraud and abuse issues. It also provides information and educational presentations.

Webinars, Conferences, and Classes on Health, Aging, and Dementia-related Topics

Webinars

Caring for the Caregiver

Virtual Workshop

June 3rd, 2:00-3:00pm

Join the artists of the Stuart Pimsler Dance & Theater for this FREE virtual workshop designed for caregivers of all kinds. Through the integration of movement and voice, memories and stories, participants explore ways to express feelings associated with the daily work of caregiving. No prior movement experience is required.

Please come prepared to write, draw, and move.

The workshop is free and open to all caregivers.

Pre-registration is required. Interested parties contact Liz Flavin, East Side Neighborhood Services at LFlavin@esns.org or 612-787-4076 to register or for more information.

The Dementia Q & A Panel

Have questions about dementia? We'll try to answer them!

Tuesday, June 29 from 1-3PM Central Daylight Time via Zoom

Join us for a free interactive webinar with an inter-professional panel of experts to answer questions you have about dementia and dementia care. If you are someone living with dementia, a family member, friend, or professional with questions about Alzheimer's disease and related dementias, this is the webinar for you!

We have convened a geriatrician, a psychologist, a cultural expert, a physical therapist, a geriatric pharmacist, and a lawyer to address your questions and concerns related to living with dementia, dementia care, and the key issues that often come up.

[Click here to register and send in questions!](#)

Please email hecka008@umn.edu for questions related to registration, and carl0219@umn.edu with general questions.

Medicare Basics

During the COVID-19 pandemic, the Metropolitan Area Agency on Aging is offering these presentations using the Zoom video platform. **Check [here](#) for dates and free registration.**

Medicare 101: Selecting the Right Plan for You

Medicare can be complicated. We'll help demystify it and help you select the plan that works best for you. Learn about programs that could help you lessen your costs. You'll get non-biased advice; we don't sell, endorse or promote any insurance products.

Medicare Updates for 2021

Learn about the changes in Medicare benefits and coverage for 2021, and how these changes affect you.

How the Senior LinkAge Line Can Help You

You have questions about housing, services that help you live safely in your home, financial support and more. We'll answer your questions and help you know about valuable resources and supports to keep you or a loved one living independently as you age.

Health Care Directives

This presentation will discuss what advance care planning is and what health care directives can do. We will not complete health care directives as part of this presentation, but

attendees will be equipped with the knowledge, resources, and where to go for help to complete their directive. We explain who can be a health care agent and the responsibilities of that role. Examples of health care directives and important considerations will be shared.

Health Care Fraud: Preventing Medicare Fraud and Avoiding Scams

Learn to detect Medicare fraud and what to do if you suspect fraud. We discuss the top scams currently being directed towards older adults and how to avoid them.

If you don't find a presentation that works for you, call the Senior LinkAge Line at 800-333-2433 for help.

Caring for People with Memory Loss - Virtual Conference

University of Minnesota, School of Public Health

Saturday, June 5, 2021 8:00 AM - 4:30 PM CST (Online)

The goal of this conference is to provide information, support, and education for adult children, spouses, parents, health and community care providers, and others concerned with caring for people with memory loss. The conference is free for those not seeking contact hours but pre-registration is required.

Join experts in a lively, informative discussion related to memory loss, caregiving tips, and what you can do to help.

15th Annual Minnesota World Elder Abuse Awareness Day Conference

June 14th – 16th, 2021 from 9am-noon each day.

The Minnesota Elder Justice Center invites you to join them for the 15th Annual Minnesota World Elder Abuse Awareness Day Conference to be held virtually June 14th – 16th, 2021 from 9am-noon each day. The goal of the World Elder Abuse Awareness Day conference is to elevate the issue of elder abuse, neglect and financial exploitation and provide education on best practices for prevention and effective response.

This year we welcome Ai-jen Poo, best-selling author and co-founder and Executive Director of the National Domestic Workers Alliance, to deliver the conference keynote.

To learn more and to register, click [here](#).

Classes

Growing & Strolling

A FamilyMeans Community Connection offering. An opportunity for people with early memory loss to explore new places, engage with others, and connect to the community.

- Ask a botanist about plants and make your own windowsill garden
- Explore growth and change in nature with a naturalist
- Join your caregiver for a naturalist guided, accessible nature walk at Belwin Conservancy

4 Weeks: Tuesdays, May 18-June 8* 10- 11 a.m. via Zoom

*June 8th is at Belwin Conservancy, tell us if you need transport

\$50 for the series: reduced fee available.

Pre-registration is required. Contact hricks@familymeans.org or call (651) 789-4017 to learn more and register. We can supply tech assistance & equipment to participate.

Time Capsules!

A FamilyMeans Community Connection offering. An opportunity for people with early memory loss to explore new places, engage with others, connect to community.

Explore actual time capsules buried at the Washington County Historic Courthouse. Meet with a historian online to learn about the stories behind time capsules and how to preserve objects and materials. Create your own time capsule!

5 weeks: Tuesdays, June 22**-July 20 10-11am via Zoom

**First day, 6/22 at the Courthouse (caregiver welcome).
Please inquire about your accessibility or transportation needs.

\$50 for the series: reduced fee available.

Pre-registration is required. Contact hricks@familymeans.org or call (651) 789-4017 to learn more and register. We can supply tech assistance & equipment to participate.

Giving Care to YOU! Caregiver Educational Series

Giving Care to YOU! is an online support and education series that provides caregivers with strategies and encouragement for implementing self-care practices that make an impact on wellbeing.

One-hour online classes are offered over four weeks through Zoom.

Each week, participants watch an education session with professional experts on:

- Rest, Sleep, and Relaxation
- Physical Well-Being and Exercise
- Mindful Moments and Guided Imagery
- Building Helping Networks and Accessing Mental Health Support

A facilitated and supportive discussion follows the videos.

Two sessions will be offered in 2021:

- The spring session begins June 9, with fall session dates announced later this year.

2nd Half with Lyngblomsten

Improving Health and Quality of Life: Juniper's Evidence-Based Programs

Juniper provides evidence-based health management programs through a large number of regional partnerships across Minnesota.

Evidence-based programs are proven to promote health and prevent disease among adults with chronic health conditions. Juniper programs have been developed using rigorous research and demonstrate reliable and consistently positive changes in important health-related outcomes among participants.

You can participate through Zoom. Programs are free.

[Check all the courses and dates/times they are offered.](#)

Aging Mastery Program

The Aging Mastery Program® (AMP) informs, encourages, and supports you in taking steps to improve your life and engage in your community. The program empowers you to make and maintain small but impactful changes. It incorporates evidence-informed materials, expert speakers, group discussion, peer support, and small rewards to build skills and tools to manage your health, maintain economic security, and contribute in society. AMP offers 10 core sessions, each 90 minutes in length. Developed by the National Council on Aging.

All participants must have audio and visual technology capability. This could be a laptop or a tablet with a camera and a microphone, or a smartphone.

Diabetes Prevention Program

National Diabetes Prevention Program (NDPP) is a collaborative, community-based, lifestyle change program designed for people with pre-diabetes. It is based on the Centers for Disease Control and Prevention's curriculum and National Diabetes Prevention Recognition standards. Hundreds of in-person and online lifestyle change programs nationwide teach participants to make lasting lifestyle changes, like eating healthier, adding physical activity into their daily routine, and improving coping skills.

This is a yearlong program that meets weekly for 8 weeks, twice a month for 4 months, and then once a month for the remainder of the year. You will have the support of your class leader and group participants to eat healthier, increase your activity.

Living Well with Chronic Conditions

Living Well with Chronic Conditions is designed to improve the self-management skills of people living with ongoing health issues. Conditions like arthritis, mental health conditions, chronic pain, cancer, or diabetes can cause those affected to lose physical conditioning and suffer health problems over many years. This program teaches new strategies that will give participants the confidence, motivation, and skills needed to manage living with a chronic health condition.

This is a virtual class that will use Zoom for each session. All participants must have audio and visual technology capabilities. This could be a laptop or tablet with a camera and microphone, or a smart phone.

Living Well with Chronic Pain

Chronic Pain Self-Management is a group class designed to help participants live a healthy life with chronic pain by managing their symptoms. This program teaches new strategies that will give participants the confidence, motivation, and skills needed to manage living with chronic pain. Classes are highly participative, where mutual support and success build the participants' confidence in their ability to manage their health and maintain active and fulfilling lives.

This "virtual" class will be held via Zoom. Don't know how to use Zoom? Don't worry, we will help you! All participants must have a computer or tablet (with a camera and microphone) or a smartphone.

Living Well with Diabetes

People with type 2 diabetes attend the class in groups of 12-16. Classes are facilitated from a highly detailed manual by two trained Leaders, one or both of whom are peer leaders with diabetes themselves. Participants will make weekly action plans, share experiences, and help each other solve problems they encounter in creating and carrying out their self-management program. Physicians, diabetes educators, dietitians, and other health

professionals both at Stanford and in the community, have reviewed all materials in the class.

This "virtual" class will be held via Zoom. If you're not familiar with Zoom, don't worry we will help you! All participants must have a computer or tablet (with a camera and microphone) or a smartphone.

Research Opportunities

Opportunity for Input: Stanford University Survey for Caregivers During Pandemic

Dr. Ranak Trivedi from Stanford University is conducting a research study to understand the experience of caregivers during the COVID19 pandemic. This is an international, anonymous, online survey that will help us understand the unique needs of caregivers. We can then use this information to provide better support.

[Complete the survey to make sure your voice is heard!](#)

CarFreeMe

CarFreeMe is a research study conducted by the University of Minnesota School of Public Health.

CarFreeMe is a program for people with memory loss living in Minnesota who are considering retiring from driving or are acclimating to driving retirement. The program enrolls them and their supportive family member(s).

CarFreeMe is studying the effects of a coaching and educational program to support people who have memory concerns and are considering retiring from driving or are adjusting to driving retirement. The study provides telephone or video conference coaching sessions for the individual with memory loss, together with their supportive family member, as they prepare for or acclimate to driving retirement. The CarFreeMe intervention aims to share strategies for decision-making and information on alternate transportation options for adapting to driving retirement in order to promote independence and well-being.

For more information and to complete the survey: [CarFreeMe](#)

Rural Dementia Caregiver Project - UCSF University of California, San Francisco

We are offering a free online workshop to caregivers who care for people with dementia and live in rural communities throughout the US. Our workshop is different from other caregiver programs because it can be accessed anytime (day or night), there are no set meeting times, and caregivers do not need to meet in-person or leave their care partner alone to participate, important during COVID. Also, caregivers can do the workshop using a smartphone, tablet, or computer—Zoom and video are not required to participate. We think online programs like this workshop are a big asset during these challenging times.

The workshop is called Building Better Caregivers, and it lasts 6 weeks. There is no cost to caregivers because we have a grant from the National Institute on Aging to pay for it.

Caregivers may be eligible if they:

- Live in a rural area of the United States
- Give care at least 10 hours a week for a family member or friend with memory problems (by care we mean give help with dressing, meals, transportation, medications, appointments, or similar support).
- Are 18 years of age or older
- Have internet access

The workshop teaches caregivers how to reduce their stress, take better care of themselves, and manage the difficult behaviors of the family member or friend they are caring for. Caregivers also get to talk with and learn from other caregivers and two trained facilitators.

Because this is a study, caregivers will be randomly assigned to one of two groups by a computer. Half of the caregivers will receive the Building Better Caregivers workshop right away. The other half will have to wait 12 months. Caregivers who have to wait will receive a free caregiver handbook on tips and resources and support phone calls from our trained staff. All caregivers will be asked to complete four surveys on their caregiving experiences and will receive up to \$80 in cash for doing so.

We hope this program will help rural caregivers of people with memory loss improve their health and caregiving skills.

If you would like more information, please visit our website at <https://caregiverproject.ucsf.edu>.

Giselle Aguayo Ramirez
Assistant Project Coordinator
